## TERRAIN AND MAP:

**1<sup>st</sup> DAY** Tsiatsungõlmaa, military training area. A forest that is rather poor with landforms, but contains  
marshes of various sizes, some medium-detailed contour areas and plenty of army-origin pits. Mainly  
coniferous forest with runnability from good to very good. Height differences up to 15 meters. There is a  
dense network of forest roads, paths and rides over the area. Area new to orienteering, map authors Madis  
Oras and Timo Sild, winter 2017.

**2<sup>nd</sup> DAY** The competition terrain is a part of Võru town centre. The town has a regular street network, but  
the blocks are rather strongly complicated by fences and gates/passages. The height differences in the  
terrain are virtually non-existent. A large part of the area is new to orienteering, map authors Lauri Sild,  
Timo Sild and Markus Puusepp, 2017.
