TERRAIN AND MAP:

This year's Cattle-let-out competition and Easter middle distance is going to take place on smooth and fast terrain of Paidra and Pindi village, in Võru county. Majority of the newly drawn map is before untouched by orienteers.

The backbone of the terrain is composed of a south-east to north-west oriented kame field left by the sediments of a glacial lake during the retreat of the ice age. Biggest elevation difference on a single slope is 15 m. Contour interval is 2,5 m. Competition terrain forest coverage is 95% of which the majority is pine forest with good or very good runnability. Beautiful moors, small swamps, patches of young pine and spruce forest from old clearings enrich the landscape. There are also some new clearings too. Trail and path network is moderate.
