TERRAIN AND MAP:

This year's Cattle-let-out competition and Easter middle distance race is going to take place in the pleasant and easy to pass forests of Kohandupalu-Tsiatsungõlmaa, in Võru country. The maps of Kohandupalu (2021070) and Tsiatsungõlmaa (2017026) are easily covered with, mostly good and very good terrain and a dry sandy bottom. The height difference is up to 15 m. There are lots of different landforms and holes and trenches of military origin also , a medium-density network of roads and destinations dominated by pine forest, alternating with cuttings and young trees of different ages, few marshy areas. It is an excellent orienteering landscape that has been used for orienteering only a few times before.
